## Motivated and Dynamic Web Developer / Programmer

FULL STACK DEVELOPMENT | PROFICIENT IN REACT.JS, NODE.JS, & MODERN WEB TOOLS

Motivated and detail-oriented Web Developer with hands-on experience building dynamic and responsive full-stack applications. Demonstrated ability in designing and deploying modern web applications from frontend to backend. Adept at collaborating in teams, solving technical challenges, and delivering high-quality user experiences.

## CORE COMPETENCIES

Web Application Development | React.js | Node.js | MySQL | Express | REST APIs | Responsive Design | Git/GitHub | Frontend & Backend Integration | UI/UX Design | JavaScript | HTML/CSS

## PROJECT EXPERIENCE

### Amazon Clone

\*Full-Stack Developer\*

<https://2025-clone-ecamazon.netlify.app> – *Clone Website*

- Designed and developed a full Amazon-like e-commerce application featuring product browsing, shopping cart, and checkout functionality.
- Built responsive UI using React.js and styled-components.
- Implemented backend using Node.js, Express, and MySQL to handle authentication, product data, and user orders.
- Integrated Firebase for secure user login and Stripe API for payment processing.

### Netflix Clone

\*Frontend Developer\*

[https://hailu401.github.io/Netflix\\_Clone/](https://hailu401.github.io/Netflix_Clone/) – *Clone Website*

- Built a pixel-perfect clone of Netflix's home screen using React.js and modern CSS for layout and styling.
- Fetched and displayed dynamic movie data using TMDB (The Movie Database) API.

- Implemented reusable components and handled routing with React Router.
- Ensured responsive behavior across devices using media queries and Bootstrap.

## Apple Website Clone

\*Frontend Developer\*

<https://hailu-apple-static-web-clone.netlify.app> – Clone Website

- Developed a visually engaging clone of the 2020 home page Apple website.
- Implemented dynamic UI components mimicking Apple's product pages and animations.
- Utilized React Router for navigation and ensured a mobile-responsive layout with modern CSS techniques.
- Focused on clean code structure and component reuse to maintain scalability and efficiency.

## EDUCATION

- Bachelor of Art in Marketing Management at Arba Minch University.
- Certified in Full Stack web application development from EvangadiTech Boot Camp.
- Certified in Programing Fundamentals from Udacity.
- Certified in Artificial Intelligence Fundamentals from Udacity.
